

## **LE-22**

A 22" home and office LED display with OptiCom<sup>TM</sup> Technology and a height adjustable stand designed to create a comfortable viewing experience.

Built on AG Neovo's latest OptiCom<sup>TM</sup> technology, the LE-22 effectively protects eyes from harmful blue light and reduces annoying flicker, ensuring users a more pleasant viewing experience. Featuring an LED backlight 22" widescreen display with a full HD 1920 x 1080 resolution and an IPS panel, the LE-22 ensures exceptional image clarity and accurate colour performance from all viewing angles. With a height adjustable stand to tilt, pivot, swivel, and adjust height, the LE-22 is designed for those who are looking for both value and optimal performance.

- > 22" widescreen LED display
- > LED-backlit technology with high FHD 1920 x 1080 resolution
- > Advanced OptiCom $^{\rm TM}$  Technology: Anti-blue light and flicker free technologies for eye protection and viewing comfort
- > IPS panel provides consistent and accurate colour from all viewing angles
- > Slim housing design and widescreen format
- > Excellent clarity with ultrahigh 20,000,000:1 dynamic contrast ratio
- > Superior colour performance and colour contrast
- > HDMI input for Full HD connectivity with multimedia devices
- > Built-in speakers (2W x 2)
- > Height adjustable stand: tilt, pivot, swivel, height adjustable for multiple viewing options
- > Energy efficiency
- > VESA mount standard
